

16th International Conference on Management of Digital EcoSystems (MEDES-2024)

November 18-20, 2024, Naples, Italy

Call For Tutorials

<https://conferences.sigappfr.org/medes2024/>

In collaboration with ACM SIGAPP

The goal of the conference Tutorial Program is to offer the conference attendees and local participants a stimulating and informative selection of tutorials reflecting current topics related to the conference program. These tutorials will be presented by subject-matter experts and will reflect the high academic and research standards of the conference. We encourage submissions of tutorial proposals on all topics of the conference.
